MINUTES

INTELLIGENCE DEFINITIONS WORKING GROUP

28 FEBRUARY 1978

1. The Working Group reviewed the previous Minutes and approved minor changes to several definitions. At the request of the Navy member, ACOUSTINT was deferred for another week. The Group approved definitions of the Intelligence Oversight Board and Information, and agreed on a substitute definition for Foreign Counterintelligence. Recognizing that the latter has special applicability to the FBI but may omit certain military ingredients, the Army member agreed to review the definition to see if a modification or second definition is required.

2. The CIA member agreed to provide a candidate definition for the word Sensor.

3. The Group addressed Part III of the NSA list down through the definition of CRYPTO. Definitions for the paired terms SIGINT Activity/SIGINT-Related Activity and SIGINT Technical Information/Technical SIGINT were included to highlight the differences in the separate terms within each pair.

4. The next meeting of the Working Group will begin at 1330, 7 March 1978, CHB, Room 5S09, with Cryptomaterial on NSA's final list.

Acting Chairman
